From NIPPON

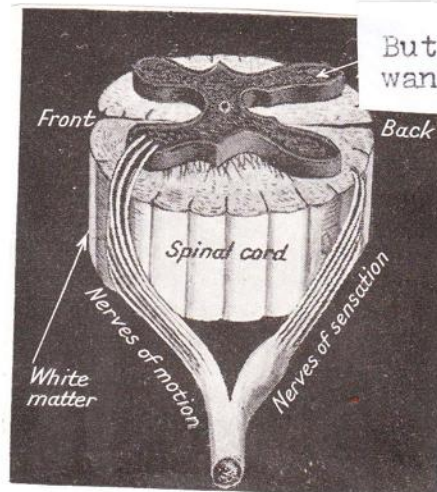

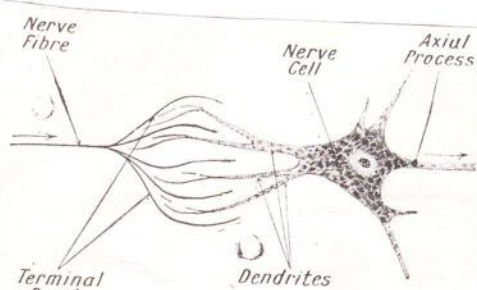

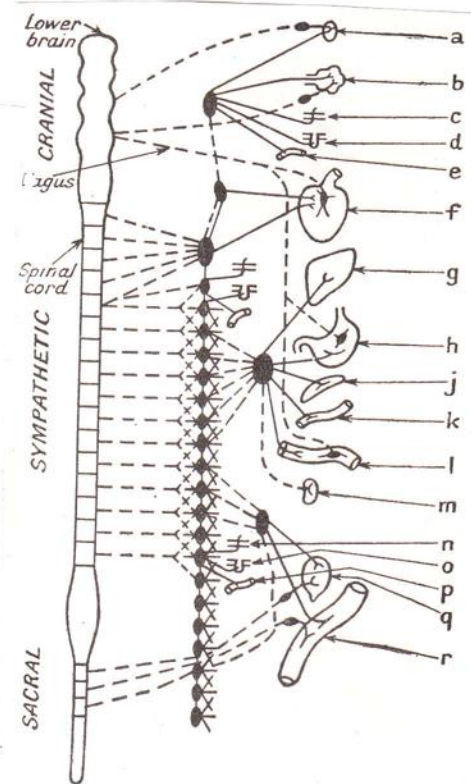

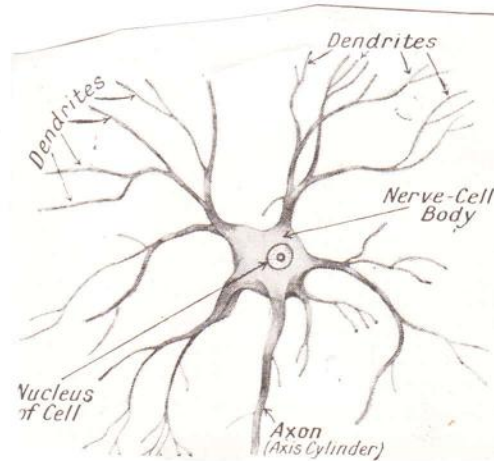

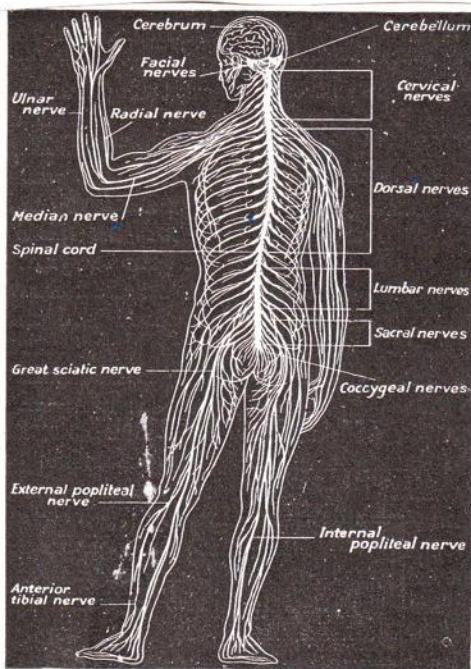

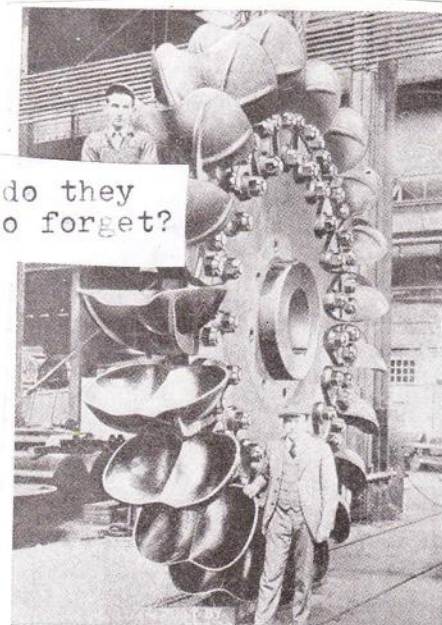

[WHAT HAPPENS IN YOUR BRAIN]

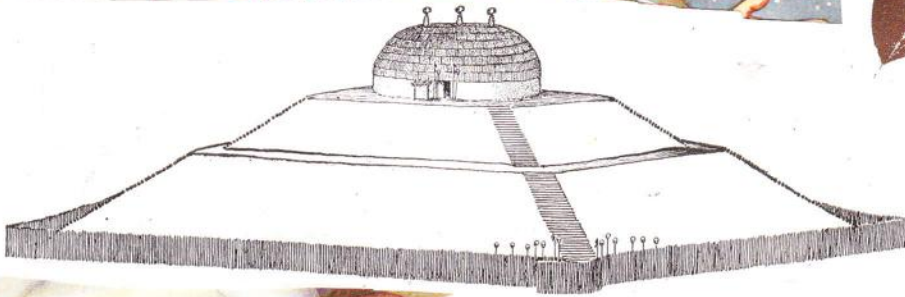

The nefarious Yashakima developed a neurochemical first discovered by Dr. Takawa Yoo, which inhibits the storage and access of long-term memory of events specifically supernatural in nature.

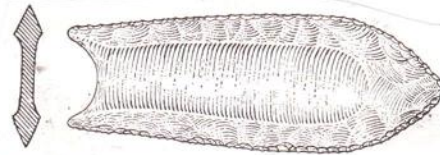

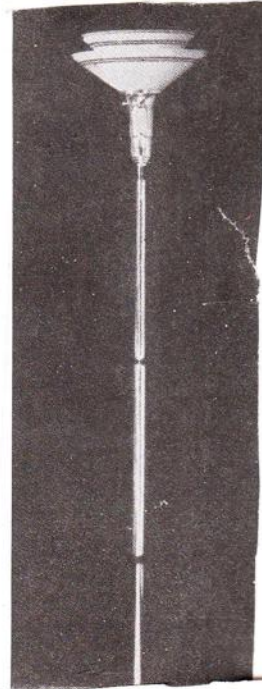

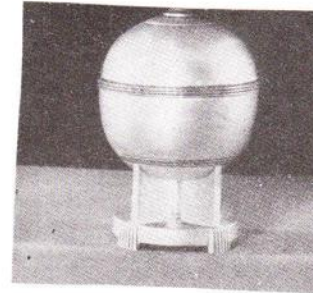

But what do they want us to forget?

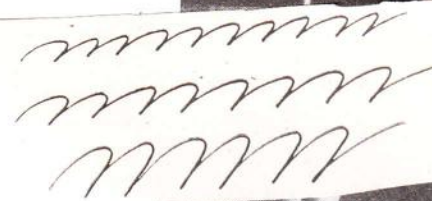

In 1963, a beacon was sent to Earth in the form of a non-organic entity to alert the human race of the existence of an all-powerful alien species.

What followed was a time of total upheaval, in which people seeked different paths in preparation for the aliens' first contact.

Until the Yashakima took control with their memory erasing feedback loop...
